

GAMING CLUB

The **St. Timothy Gaming and Esports Club (STGEC)** is an after-school group that provides a welcoming and non-toxic environment in which new and veteran players can explore gaming.

Newcomers to the hobby can try beginner-friendly games that teach basic competencies like controller handling, camera control, and timing. Veteran gamers will have a chance to practice essential competitive skills, such as in-game callouts, team communication, and coordination.

All club games are family friendly
